PREFACE

An updated and credible national health database is essential for effective planning, implementation, decision making, monitoring and evaluation of various health programmes & health sector developmental activities, in order to achieve the objectives of the NRHM and the National Health Policy. To achieve this objective, the Central Bureau of Health Intelligence (CBHI), in annual series has compiled the "National Health Profile" (NHP) for the Calendar Year 2011. The NHP covers all the major information on demography, socio-economic and health indicators including morbidity & mortality trend, human resources for health and health care infrastructure, health finance and all other related information.

Efforts have also been made for this current issue of "NHP 2011" to be more informative with additional information on (i) WHO-Family of International Classifications (ICD-10 & ICF), (ii) Major non-communicable diseases in India, (iii) Environment & Public Health, (iv) National Disaster Management Authority Guidelines on Health Matters, (v) Health Sector Policy Reforms Option Database of India (HS-PROD), (vi) Clinical Establishment Registration & Regulation Act 2010 (vii) Major Disease Outbreaks Investigated by IDSP, National Centre for Disease Control (NCDC), Delhi, (viii) Vaccines production, demand and supply in India, (ix) State/ UT wise Medical Colleges in India with their Beds & admission capacity and their Status (x) Reference to ICMR-Directory of Health Research Institutions in India, (xi) Important Health Days, (xii) Millennium Development Goals and, (xiii) CBHI & its activities, etc.

CBHI expresses its gratitude to various source agencies for NHP viz. Directorates of Health & Family Welfare services of all the 35 States/UTs, Registrar General & Census Commissioner of India, Various National Health Programmes, Indian Council of Medical Research, Medical/Nursing/Para-Medical Councils of India, Planning Commission, IRDA, Central Electricity Authority, different Union Ministries like Statistics & Programme Implementation, Defence, Railways, Education, Labour, etc. and also International Agencies such as WHO, their valuable support in providing the requisite data for this NHP 2011. We are grateful to NIC/MOHFW, New Delhi for uploading this NHP 2011 on the CBHI website: www.cbhidghs.nic.in for ready viewing by all concerned.

The continuous guidance provided by the DGHS, Union Secretary (HFW), and all concerned officers & staff of Dte. GHS and Ministry of Health & FW, Govt. of India was of immense help to prepare this national reference document.

The feedback and valuable suggestions from various users of this document have been very encouraging and we solicit such continued support in future through post/telephone/E-mail at dircbhi@nic.in

(DR. P. SAXENA)
